DEDICATION

**Mr. Lawrence Reagan Paulhus
Teacher and Friend**

We the Class of 1988 dedicate our yearbook to Mr. Lawrence Reagan Paulhus, teacher and friend. He is a dedicated teacher who is deeply concerned with our intellectual growth. He is always willing to lend an ear when we have a problem. He likes to be involved with our lives by attending our concerts, plays, and sporting events. Above all, however, he is a man who has cared about us by teaching us not only History but about life. He wants everyone to excel. If it were up to him we know he would see to it that we all would succeed. He is a very special person to the Class of 1988 and that is why we wish him the best that life has to offer.

PRINCIPAL Mr. David Jardin

It has been said that "... success comes to those who are neither afraid to fail nor discouraged by failure." There are two important values implied in this statement. The first is a desire for high achievement which is characterized by people willing to accept the responsibility for dealing with the difficult. A second value for success is the belief that one is personally responsible for his or her own future.

We realize all too well that nobody is born with these values already in place. They come about as a result of proper education both in the school as well as in the home. It is the fervent hope of the faculty, staff, and administration of Joseph Case High School that we have played some small part in inculcating these values in the minds of you, our graduates. Best wishes for success to the class of 1988.

ASSISTANT PRINCIPAL Mr. Gerald Furtado

Congratulations on the successful completion of your high school career. It is now time for you to accept the challenge of assuming a leadership role for our future. Accept this responsibility with enthusiasm, pride, and confidence.

I sincerely hope that this future will be both enjoyable and rewarding. I wish you the best of luck and happiness.

In Memory Of Jason F. Williamson

Jason Williamson, a member of the class of 1988, died in his sleep on Christmas morning 1986.

Jason was an active member in the St. Louis de France CYO. He was a two year member of the Junior Varsity Basketball Team at Case and looked forward to making the Varsity in his Senior Year.

Jason always had a bright smile for all those who knew him and he is deeply missed by his family, friends, and teammates.

I would like to thank all the people that helped to make the book a success. A special thank you to Mr. O'Toole for reading over all the proofs. Another special thank you to Mr. Conforti for helping to organize the advertisements and for handling the financial end of the yearbook so well.

I would also like to thank Mr. Jardin and Mr. Furtado for encouraging the yearbook this year. To all the teachers thank you for your cooperation.

Most of all I would like to thank Penny Antonelli, Lisa Thomas, Liz Carreiro, Chris Larrivee, Missy Millette and Karyn Gahan who all came out to help at the last minute, I can't thank them enough.

THANK YOU ALL

SUPERINTENDENT'S MESSAGE

I wish to extend my best wishes to the Class of 1988 on achieving this most important milestone in your educational experience.

Your graduation day in June will be both an ending and a beginning. You will complete your formal education in the Swansea Public Schools and commence your post secondary education or pursue a chosen career. As you join the ever growing legion of Case High School alumni, your school and community will anxiously anticipate your accomplishments.

The Town of Swansea has made a significant investment in your future by providing you with your elementary and high school education. I encourage you to apply your natural abilities and enthusiasm to attain your goals in life.

Superintendent of Schools
John E. McCarthy

Never has there been a more exciting or challenging time to be graduating from high school. Opportunities for those willing to make a commitment are limitless. Some of you will go on to higher education; others will choose a different path. Whichever choice you make, you will have opportunities never before available to high school graduates. The success that you will achieve will be a direct outgrowth of the effort and perseverance that you are willing to invest. Your success should be measured not in terms of dollars and cents but rather in terms of satisfaction and happiness.

To all of the graduates of the Class of 1988, I wish an extra measure of all the good things that can be yours.

Assistant Superintendent
of Schools
Harold G. Devine, Jr.
